INDEPENDENT SLATE SUPPLIES

Where quality comes naturally

Independent Slate Supplies (ISS) have been established for over 35 years and are specialists in the import and distribution of high quality, competitively priced roofing and flooring products and their associated accessories.

Whether you are a roofing contractor, a developer, a homeowner, a general builder, an architect or a merchant, please do not hesitate to contact us so we can discuss your requirements. We can assist you in selecting the most appropriate product for your planned development, which can be supplied via our network of merchants and stockists throughout the UK.

Natural Slate for Flooring

Origin: Our slate is sourced from Spain and Brazil.

Colour: Dark Grey, Grey Green and Light Grey with Green Fleck (Lugo)

Texture and Appearance: Our slates are smooth with a naturally finished surface and straight cut edges.

Quality: You are assured of the best quality as our slate undergoes stringent inspections both at the quarry and by the ISS team before distribution.

Slates Thickness: Our slates are calibrated to a specified thickness for ease of installation. Available in a variety of thicknesses, lengths and widths to suit most applications.

Here at ISS we are known for our long established relationships with some of the world's finest quarries; particularly in Spain and Brazil, which enables us to provide a consistent supply of high quality products through our national network of roofing and builders merchants.

Our Flooring Slate is available in the following sizes:

10mm thickness (calibrated):

300 x 300
400 x 400
600 x 300
600 x 400
600 x 600
900 x 600

15mm thickness (calibrated):

600 x 300
600 x 600
900 x 600
900 x 900

We can also cut slate to the size required for your project. Please call for details.

Accessories

Flooring Grout

Suitable for Natural Slate floors, internal and external use. Fully waterproof once dry.

Flooring Adhesive

Suitable for Natural Slate floors, internal and external use. When set, the adhesive is water resistant and suitable for external use.

Flooring Sealant

Ideal for sealing stone fireplaces and worktops. Forms a colourless barrier and helps to protect porous stone surfaces from water, dirt, oil, grease, soot and lime scale, making treated surfaces easier to keep clean.

300 x 300mm

600 x 300mm

600 x 900mm

Estimating:

As a natural product, please be aware that each individual slate may vary slightly in respect of colour and size. As such, it is necessary to add a cutting and wastage allowance in estimating the total number of slates required. For guidance on wastage allowances please contact us.

If you require any help or advice with regards to estimating for your project. Please call the office or email us with your requirements and a member of our staff will be happy to assist.

Fixing:

For more advice on fixing, sealants and grout please visit our website:

The information contained within this brochure is based on the company's general experience, knowledge and belief. However, because of factors outside of the company's knowledge and control, which can impact upon the use of the products we supply, no warranty is given or implied with respect to the information contained within this publication. ISS therefore reserves the right to alter specifications at any time and without notice. As a natural product, the colour and texture of slate can vary according to light and weather conditions. It is therefore advisable to ask for samples of slate prior to specification and purchase. Owing to this and the limitations of the printing process, colours of slate in this brochure may only be taken as indicative. Ultimate responsibility for checking the suitability of the product and the amount required rests with the purchaser.
